“ *Edet was one of the first people I met at Morgan State. He would come visit me in my dorm room freshman year at OConnell Hall. Second year I moved off campus to Dutch Village off Perring Pkwy and he was there at least once a week. He was my friend during my college years (1997-2002) and came to my wedding in 2006. Im disappointed in myself for not keeping in touch the way I could have. Nothing but good memories*
