“ I will forever remember my dear diva granny. I will never forget all the days as we walked down the hall of Brightveiw and everyone knew here comes the diva as we were headed to happy hour after having your own special happy hour in your apartment before hand. I will always remember that anytime I was in a not so good mood or down that I always knew who I could talk to to help me feel better. You will always hold a special place in my heart. I love you Granny Lou. Fly high sweet angel.
