“ It was only today (July 26) that I learned of Ursula's passing and I have been saddened all day. I worked with her for about 15 years as we were both employed at Gilman School--she in the Upper School library and I in the Business Office. (I retired 4 years ago.) What a lovely, gracious, genteel person she was! I can remember feeling such a loss when she retired as she always had a kind word and a pretty smile for everyone. I never heard her say an unkind word in all the years I worked with her. Know that all of us at Gilman loved her and share your family's sense of loss. She left an inspiring legacy!

“ As an employee of Blakehurst, I knew and adored Mrs. Koerber. I would visit with her privately ever week. We became so close. When my husband was dying, she held me and prayed for both of us. She took an interest in many people that were failing in the community and said prayers for them too. Though she also suffered, she was always very sweet and thoughtful. Many are not able to maintain those qualities when they are sick. I often told her, when she would ask, that she was still here because she continued to fulfill her God given mission on this earth. One day, not that long ago, she and Normie Harris had a delightful get together. The three of us laughed the entire time. I could tell what an extraordinary friendship they had shared. Now that she has left us, I want you to know there will be so many that will keep her memory alive because of the way in which she touched their hearts. My deepest sympathy to your entire family.
